

**Dr. Thomas** Minahan brings almost 30 years of Emergency Medicine experience and 20 years of personal (his daughter) experience to this topic. He will show videos of seizures and what looks like seizures but are not. He completed medical school at Western University in Pomona, California and his residency at Northwestern University in Chicago. He currently is the Program director for the Emergency Medicine Residency at Riverside University Health, a Level I Trauma Center. He is also the Medical Director for the county jails where he cares for patients that live in a "gated community". He's been married for over 25 years and has 4 kids that won't leave the house.
